

WARRANTY OPTIONS

A CONCISE, CUSTOMIZABLE WARRANTY PROGRAM.

All Eiko products are warranted. Visit [Eiko.com](https://www.eiko.com) for warranty details or download [here](#).

Additional coverage for your Eiko Lamps and Fixtures is never an issue. Eiko offers our customers flexibility in **extended warranty coverage**.

Our **One Year Warranty** plan covers the first year for **labor** replacement costs. This offers our contractors peace of mind because if LED components fail, it's likely to happen in the first year.

Also available is a **Five, Seven, or Ten** year coverage for labor, parts or labor and parts. Our program is not prorated and offers options for coverage of parts only, labor only, or both parts and labor; this allows the customer to choose the option that best suits their lighting needs.

Extended warranty options offer reduced processing time – most claims are turned around within 14 days. Customers are assured that their lighting investment will always be protected, and that any issues that may arise will be addressed efficiently and quickly.

For additional information, please contact your local support representative found at [Eiko.com](https://www.eiko.com).
